Joe,

I have reached out to legal a couple of times regarding a possible need to track these costs via a new OU and never heard back.

Hi Casey and Shawn,

I just signed this AM earlier today. Shawn, I know we discussed previously but wanted to circle back on the cost tracking here. Are we all ok with the approach to capturing these associated costs along with payroll hours, etc. aside from the larger BPMD work ongoing? Let me know if anyone has any concerns with the current cost tracking structure for this response action.

Thanks,

Joe

D, Casey, Joe and Andrea,

Because Laura and Will are out, I think you are the 3 folk that need to have input on the Draft Action memo.

Kerry and I are both having problems with Teams (for Kerry it crashes his computer in the field, for me it messes up the formatting and once it kept wanting to go back to a previous version).

Our process is to use Teams but attached is a clean copy with an endangerment determination that Andrea encouraged us to add if you want to review this. I don't think Richard has started the routing yet but I'll do my best to monitor Teams and keep a clean copy in sinc.

Thank you, Marty
